Agree.

I think if we can do a better job with followup action items from each meeting and circulate to all, it will help us meet deliverables

4/8 New Chemicals week ahead

- 3 cases in grey (+1); 17 cases in red (-1); 7 cases in yellow (-1); 16 cases in green (+3) (change from last week)
 - Only discussed status of Day 81-90 red and >90 day grey cases...unclear how remaining 13 red cases will be addressed
- Tala to review 12 cases today (4/8)
- April backlog list categorized to include
 - designation of 19-1b SNUR cases (9 or 10)
 - left over March CO cases (with date to submitter)
 - April CO cases (with date to submitter)
 - Completed April cases
 - any other left over cases from March
 - other cases for April to reach 40
- SNUR 19-1b (has one PFAS) will be coming up to OCSPP IO for review this week.
- OPPT to pull out diisocyanates from SNURs and batch together
- Staffing issues in RICS re: processing SNURs – Lek to follow up
